For Immediate Release

Apollo Enterprise Solutions' Healthcare Subsidiary Names Cy Siders Senior Vice President of Sales

Irvine, CA August 22, 2007 – Apollo Enterprise Solutions LLC, the leading provider of web-based payment and collection technology, announced today that the company's new healthcare subsidiary, Apollo Enterprise Healthcare Solutions, LLC ("AEHS") has named Cy Siders Senior Vice President of Sales. At AEHS, he will lead the subsidiary's sales organization.

Prior to joining Apollo, Siders served as Senior Vice President Business Development at Masterplan Inc., the nation's leading independent service organization dedicated to providing healthcare facilities with medical equipment maintenance and management programs. Throughout his 25-year career in the healthcare industry, he has held a number of executive sales, service and marketing positions with industry leaders including GE Healthcare, Toshiba America Medical Systems, and InnoServ Technologies, an independent service organization. Siders received his MBA from Pepperdine University in 1988.

"In addition to his impressive track record of sales in the medical industry, Cy has also demonstrated exceptional skills in managing sales and service organizations," said John Gryga, President of Apollo Enterprise Healthcare Solutions. "He'll be a valuable asset to the AEHS team."

"Today more than ever before, there is an enormous need to reduce bad debt in the healthcare industry," said Siders. "This environment has created an incredible business opportunity for companies that can deliver scalable, world-class debt collection solutions. With Apollo's patent-pending, web-based "Decisioning Intelligence" technology, AEHS has a sustainable competitive advantage and I'm looking forward to introducing this proven technology to leading healthcare providers."

About Apollo Enterprise Solutions

Apollo Enterprise Solutions, LLC, headquartered in Irvine, California, provides enterprise-class web-hosted solutions for a variety of industries involved in receivables management and debt collections. At the heart of Apollo's Intelligent Debt Solutions™ system is the patent-pending IDS Decision Engine™ which provides Decisioning Intelligence™, a revolutionary process that delivers more debtors for recovery and settlement and more dollars per settlement by creating individual, customized offers that reflect a debtor's most realistic ability to pay.
